Project Design Phase-II: Customer Journey Map

Date	28 October 2026
Team ID	N/A (Individual Project - Shriyanshu Jain)
Project Name	Global Electric Vehicle (EV) Market Performance & Insights
Maximum Marks	4 Marks

Customer Journey Map (Target Persona: Stakeholders - Emily, David, Sarah)

Journey Stage	User Actions	Touchpoints	Customer Thoughts	Customer Feelings	Opportunities / Solutions
1. Discovery & Data Gathering (Pre-Solution)	Manually searches for global EV sales, competitor data, and battery tech specs.	Static Excel sheets, PDF reports, fragmented datasets.	"This is taking too long to compile. How do these battery ranges correlate with our pricing?"	Frustrated, overwhelmed, anxious about making uninformed decisions.	Opportunity: Centralize all data into a single, automated visual dashboard.
2. Accessing the Solution	Opens the Tableau Public link provided by the Data Analyst (Shriyanshu).	Web browser, Tableau Public interface.	"I hope this is easy to navigate and loads quickly without crashing."	Anticipation, hopeful but slightly skeptical.	Opportunity: Ensure fast load times and a clean, intuitive landing page (Executive Summary).
3. Interaction & Visualization	Clicks on "Vehicle Category" charts and interacts with the Global Manufacturing Map.	Interactive Tableau Action Filters, Tooltips, Dashboards.	"Wow, SUVs completely dominate sales. Let me filter the map to see where they are manufactured."	Engaged, empowered, curious.	Opportunity: Connect multiple visuals using action filters (e.g., clicking a category filters the map and battery types).
4. Deep Dive Analysis (Persona Specific)	Navigates through the 4-point Tableau Story to view specific tech	Tableau Storyboard tabs at the top of the screen.	"This scatter plot clearly proves that high capacity (kWh) LFP and Solid-	Confident, gaining clarity, analytical.	Opportunity: Provide clear, descriptive tooltips on hover to explain

	trends and pricing dynamics.		State batteries yield better ranges."		technical battery specs.
5. Strategic Decision Making	Extracts insights and presents the live Tableau dashboard to the executive board.	Live Tableau Presentation / Exported PPT slides.	"I now have the concrete data to back up our R&D investment and portfolio expansion strategy."	Successful, authoritative, relieved.	Opportunity: Ensure the story points flow logically like a professional presentation deck.
